The Harrison House Suites Bed and Breakfast is perched on a hill overlooking the town of Friday Harbor. Built in 1905, the main building is a Craftsman style house which has been lovingly restored to its original turn of the century design. Our suites are receiving a comprehensive interior redesign and refurnishing during the winter of 2004/2005. Filled with antiques, you will find the main quarters offer all the comforts of home. Across the garden from the main house is the Roche Harbor House Cottage. It was originally built in the thirties and has also been completely restored. It too offers all the comforts of home.

Our suites will pamper you with luxurious amenities including our private label hand made organic soaps, shampoo and conditioner, and lotion made with essential oils from Salt City Soap Works. Wake up and shower with the aromatherapy scents of peppermint, orange ginger, or seasonal offerings like cranberry ginger or juicy peach. Stop by our café to view our entire line of skin and hair products. Take home some of our favorites including English rose, Aqualina's Pink Sugar, Lavender, or Unscented goat's milk and honey. Other products include shea and mandarin mango butter and specially crafted cedar soap dishes.

After an inspiring day spent kayaking, whale watching, biking, golfing, or scuba diving, come home to relax in the soft and soothing colors and designer fabrics of our newly renovated suites. Take a hot tub, open a bottle of wine, and prepare a quiet dinner in your well-equipped kitchen. We will gladly share some of our garden produce from our organic vegetable garden!!!

The award-winning flowers of the gardens and grounds provide a colorful backdrop with fresh cut flowers filling our suites. The organic vegetable garden provides much of the fruits and vegetables for the meals you will experience at the Harrison House.
